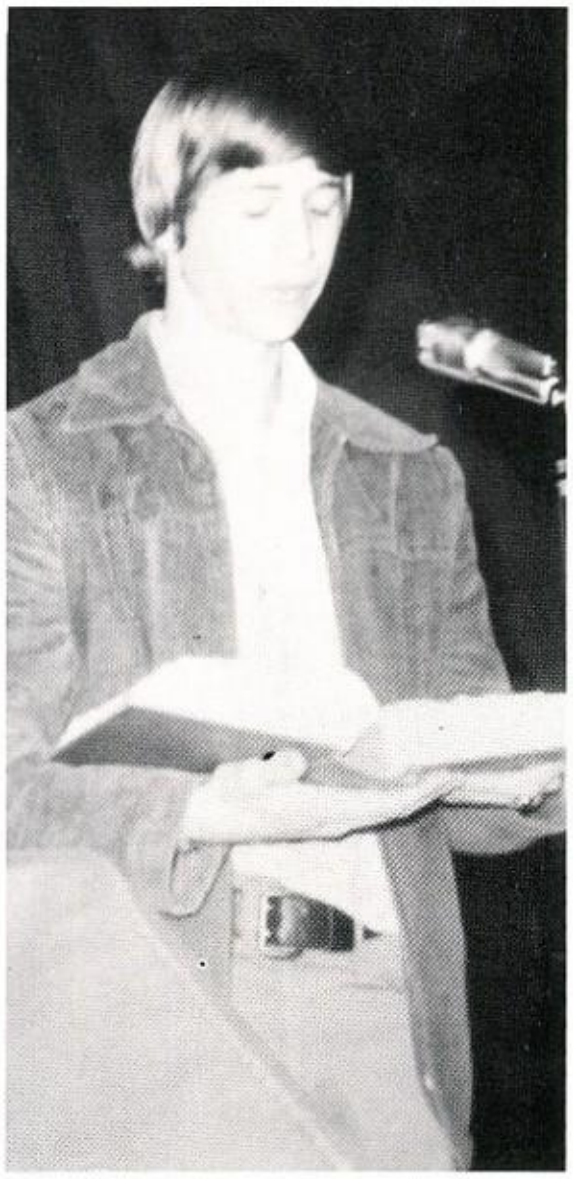
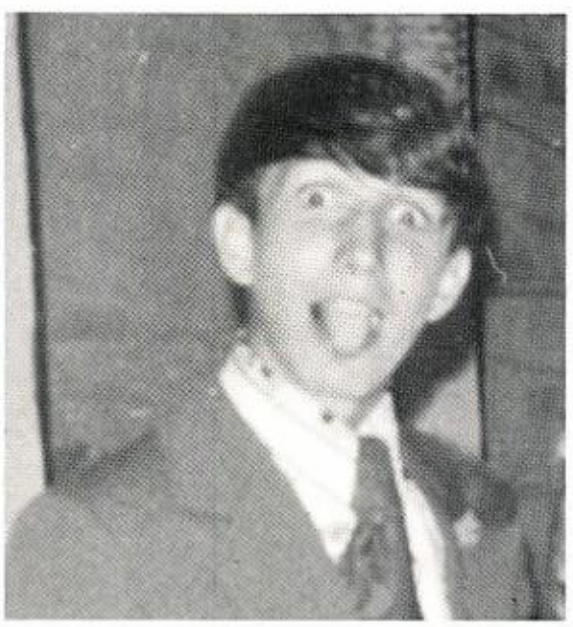
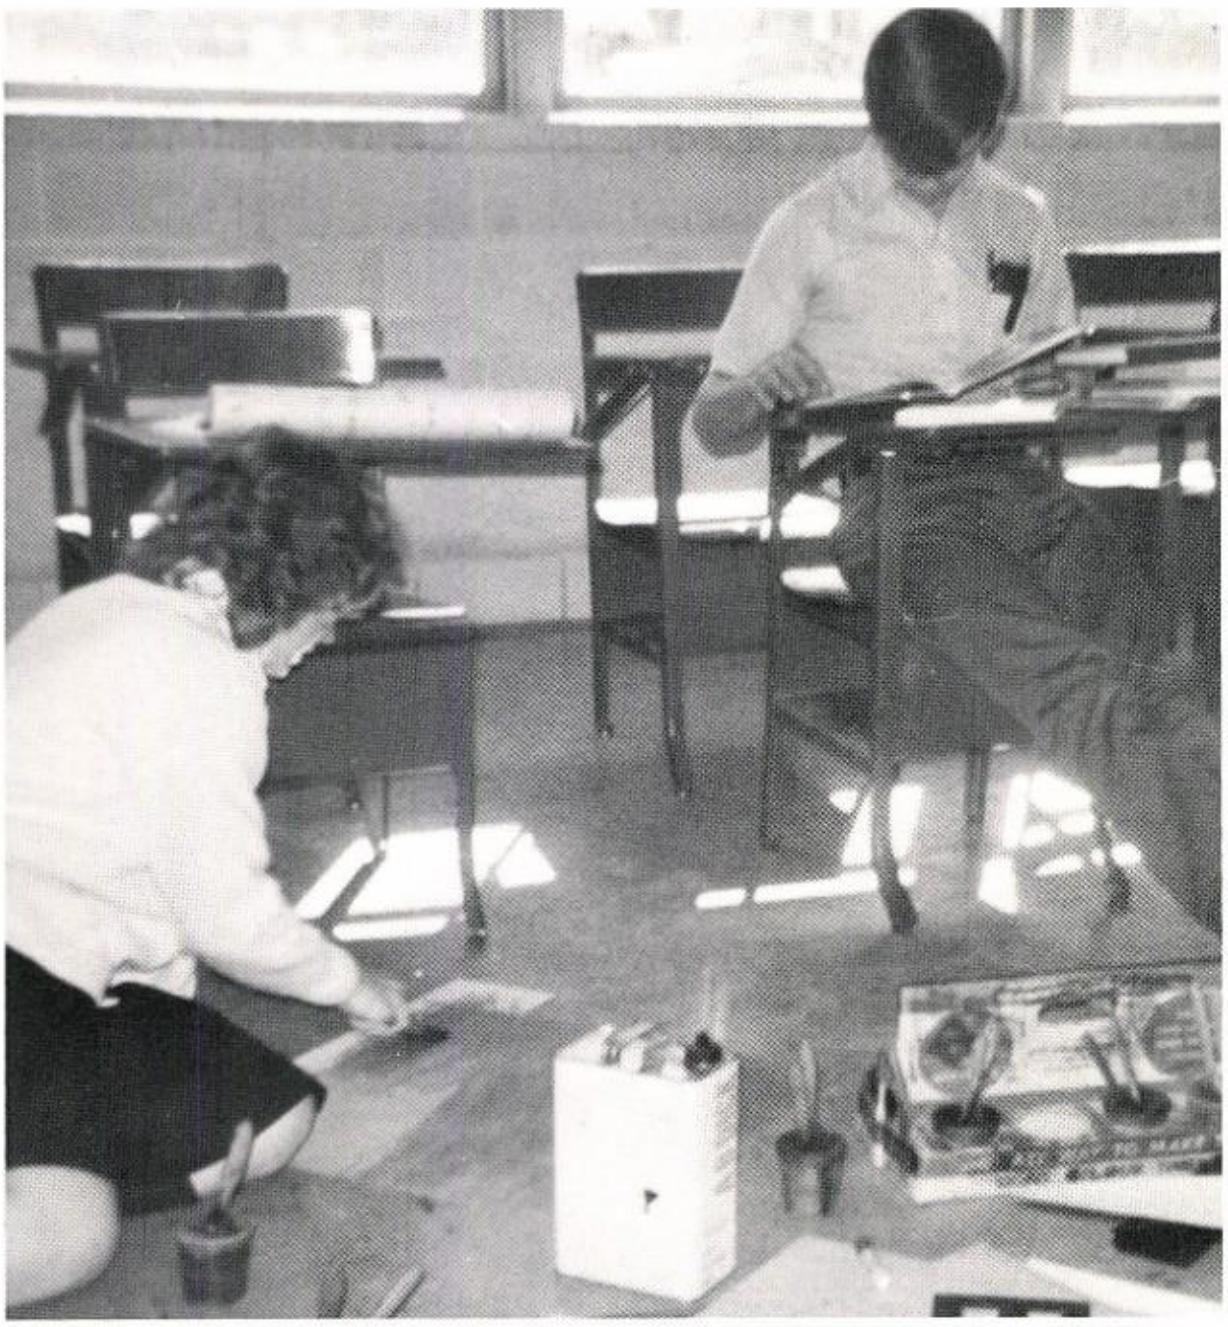
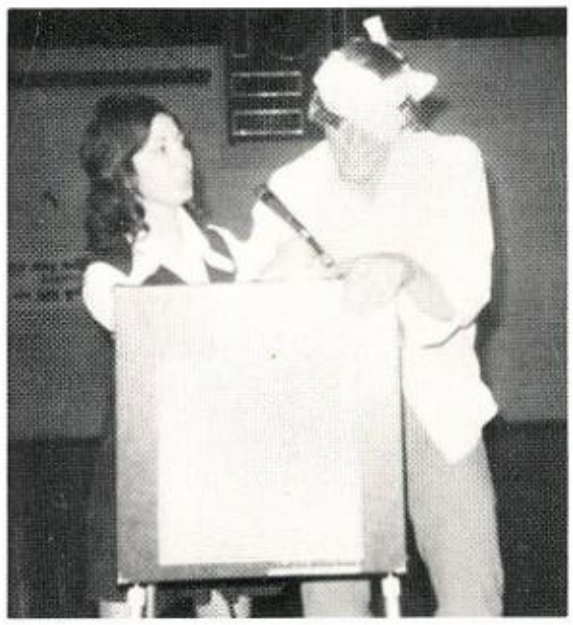
Curriculum & Organizations

There is a time for us to enjoy life . . .
to take part in the good times . . .
something we will always remember.



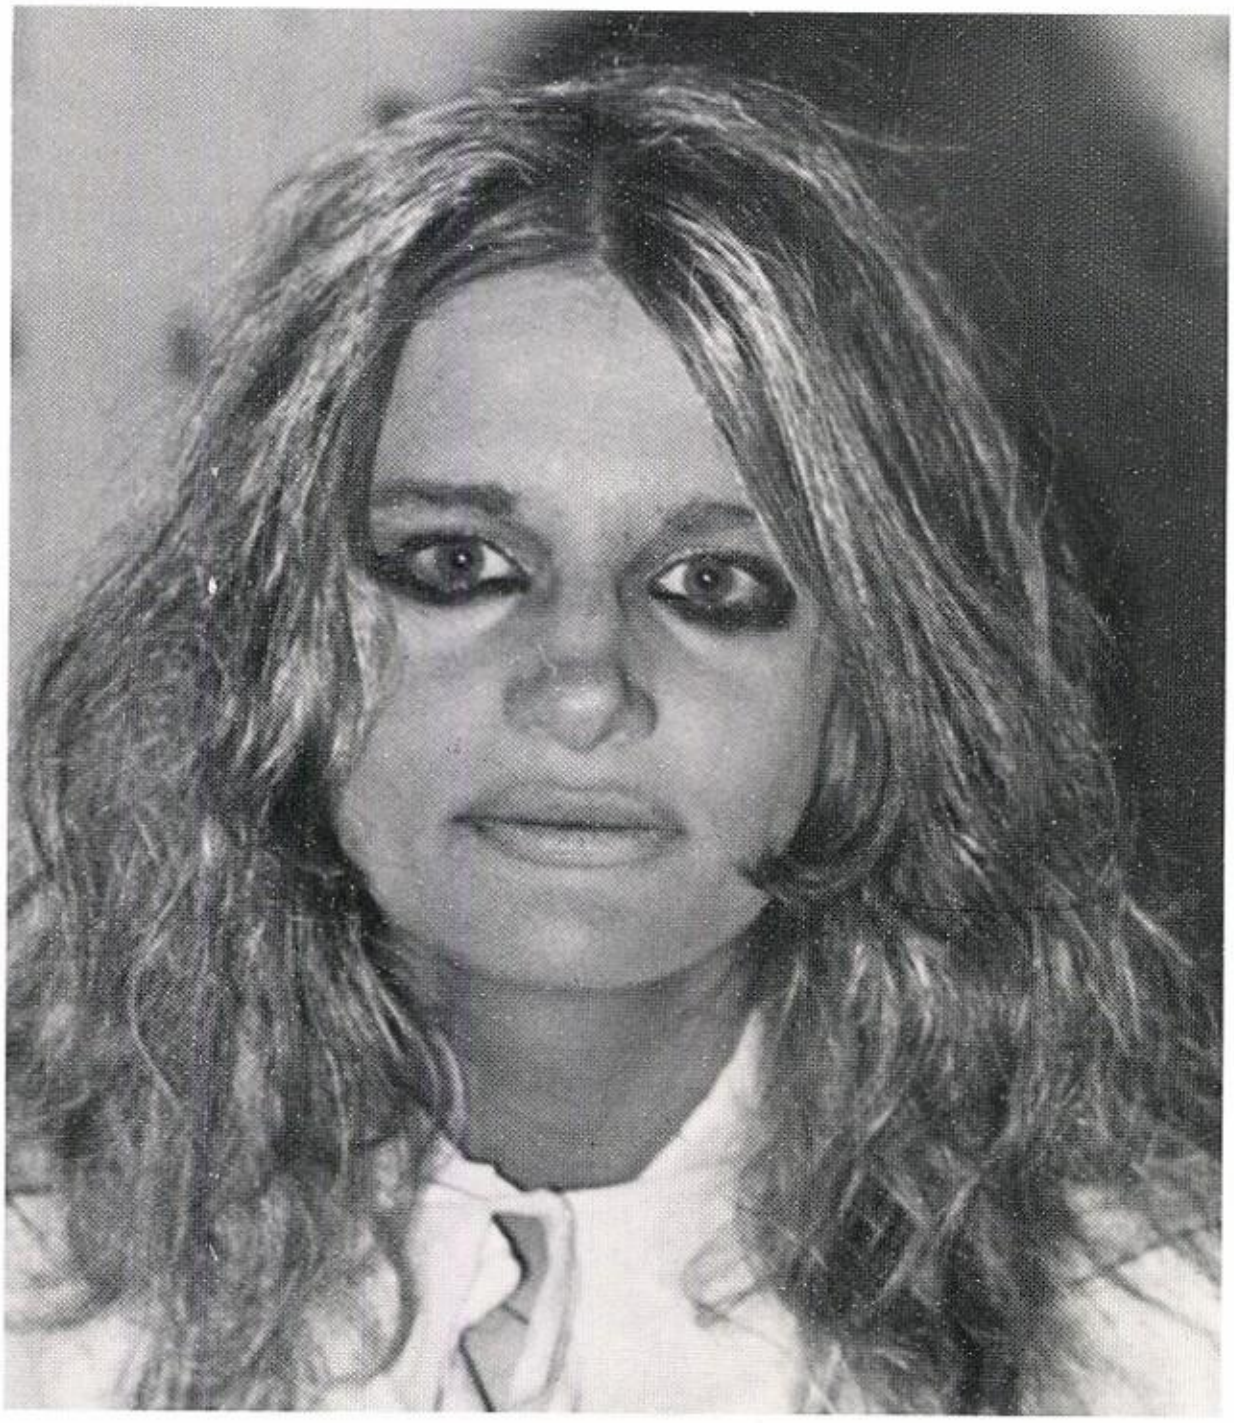






Tevye, the dairyman father of five daughters, lives in a Russian village in the days of the Czarist oppression of the Jews, and is a character rarely found in musical comedy. Although good and kindhearted, he, is a man with an angry exterior. He carries on a kind of continuing conversation with his God as he faces each day.

National Thespian Society



Troupe 3043 Presents

"Fiddler on the Roof"

on the one hand . . .

there is a time to respect traditions . . .

on the other hand . . .
there is a time to change

"Fiddler on the Roof" touches realistically on old village customs. People of the village are subject to sudden tempests of vandelism and, in the end, to eviction and exile from a place that had been home.
